- **Data & ML (Beginner)** - Python, Jupyter Notebook, Google Colab
- **Soft Skills** - Problem Solving, Teamwork, Adaptability, Time Management, Analytical Thinking

PROJECTS

Console Game with Real-Time Dashboard (C, WebSockets, JavaScript) June 2025 - July 2025

- Developed a console-based game in C, implementing game logic, scoring system, and interactive user input.
- Built a real-time dashboard using WebSockets to monitor gameplay metrics live, enabling instant feedback and analytics.
- Integrated live data streaming between the game and dashboard, ensuring low-latency updates.

Social Innovation Competition Finalist – 3rd Place | Wakuworks September 2025

- Pitched a web-based mental health support platform designed to help students cope with academic stress and emotional challenges.
- Collaborated with a team to develop the concept, system features, and problem-solution framework.
- Presented the idea to a panel of judges, demonstrating feasibility, scalability, and social impact.

Adobe Photoshop Trainee | Datawords Philippines June 2025 - August 2025

- Designed posters and promotional graphics using Adobe Photoshop for marketing campaigns.
- Received the Innovative Creator Award for outstanding creativity and visual design contributions.

CERTIFICATIONS

- SQL Associate certificate – DataCamp(2026)
- Google IT Automation with Python Professional Certificate – Google (2025)
- 3rd Place – Social Innovation Competition (2025)
- Innovative Effect Creator Award (2025)
